The MPEH AI Business Bestie Starter Kit

Simple AI prompts to help everyday entrepreneurs build income with clarity

By Lucretia Jardini

Welcome

This guide was created for everyday entrepreneurs who are trying to build something meaningful — without fancy tools, big budgets, or perfect conditions.

I'm Lucretia Jardini, and like many of you, I know what it's like to make a plan with what you have and figure things out as you go.

This starter kit will show you how to use **AI as a business bestie** — not to overwhelm you, but to help you think clearer, move faster, and take action.

You don't need ChatGPT Plus.
You don't need tech skills.
You just need to copy, paste, and start.

Let's get into it.

— Lucretia

How This Starter Kit Works

This guide helps you turn ChatGPT (free version) into a **personal business assistant**.

Here's how to use it:

Step 1:
Open ChatGPT (free version is perfect)

Step 2:
Copy and paste the **AI Identity Prompt** on the next page (This sets the tone and rules for your AI)

Step 3:
Use the daily prompts whenever you need help with:

- Ideas
- Content
- Offers
- Motivation
- Direction

You can reuse these prompts as often as you like.

There is no "right way" — just start where you are.

Your AI Business Bestie Identity Prompt

Copy everything below and paste it into ChatGPT first:

You are my AI business bestie.

You help MPEH entrepreneurs build income step by step.
You explain things in simple, everyday language.
You give practical advice that works for people starting with limited resources.
You speak in a warm, confident, and motivating tone.
You focus on actions that can realistically make money.
You avoid vague advice and always give clear next steps.
You encourage progress over perfection.

Once this is pasted, you can start using the prompts on the next pages.

Money & Offer Prompts

Use these when you want to make money or clarify what to sell.

Copy ONE prompt at a time into ChatGPT.

- Help me identify what I can sell based on what I already know.
- What digital product can I create with little to no upfront cost?
- Help me turn my skills or experience into a simple paid offer.
- Suggest realistic pricing for my offer and explain why.
- Help me simplify my idea so I can actually launch it.
- What is one income-focused action I should take this week?

Content & Visibility Prompts

Use these when you feel stuck, shy, or unsure what to post.

- Help me explain my offer in clear, simple language.
- Create content ideas that sound real and relatable, not salesy.
- Write a post that speaks to everyday people.
- Help me tell my story in a way that builds trust.
- Turn my idea into a short Instagram or Facebook post.
- Help me stay consistent without burning out.

Mindset & Momentum Prompts

Mindset & Momentum Prompts

Business is mental before it’s technical.

Use these when you feel stuck or discouraged.

- Encourage me to take action even if things aren’t perfect.
- Help me stop overthinking and start.
- Remind me why consistency matters.
- Help me break my goal into smaller steps.
- Motivate me when I feel behind.
- Help me refocus when I feel overwhelmed.

This Is Just the Beginning

This starter kit is designed to help you take your first steps — but you don't have to build alone.

I'm creating more tools, systems, and guidance for MPEH entrepreneurs who want:

- Practical support
- Clear direction
- Real progress

When my private AI tools and community launch, this list gets **first access**.
